The purpose of this Association shall be to bring together by association, communication and organization, public officials who administer the ad valorem tax laws of Alabama; to provide for the exchange among the members of this Association of such information, ideas, techniques and procedures relating to the performance of their duties pursuant to the ad valorem tax and license tax laws and regulations of the State of Alabama, and to enhance the knowledge and improve the skills of the members; to elevate the standards of service to the public in the performance of the members' duties and responsibilities, and in conjunction with similar associations to develop, establish and secure a high standard of conduct and cooperation in the performance of such services; and in general, to promote improvements in the administration of the ad valorem tax and license tax laws of the State of Alabama, to increase the quantity and quality of the services and contributions which the members make to the public and to their communities, state and nation, and to promote improvements in the working conditions of their employees.

ARTICLE III

Membership

Section 1. General. This Association shall be the sole judge of the qualifications of a prospective member for membership in this Association, and as well of the continuing qualifications of its individual members.

Section 2. Classes of membership. There shall be three classes of membership in the Association: (1) active and (2) honorary/retired and (3) associate members. Active members shall be those members who are presently holding office and serving as an official charged with the assessing and collecting of ad valorem taxes. Honorary/Retired members shall be former active members of the Association who have retired or been appointed supernumerary tax officials, or who are no longer active, but are eligible for retirement or supernumerary status except for age. Honorary/Retired members shall pay no dues but shall have all the rights and privileges of an active member except the right to vote and hold office in this Association. Associate members are non-voting members of the Association. Additional classes of membership may be created by a majority vote of the members present and voting at any meeting of the Association at which a quorum is present.

Section 3. Eligibility for membership. Every duly elected or appointed Tax Assessor, Tax Collector, Revenue Commissioner and License Commissioner (which shall be construed to include every duly appointed assistant Tax Assessor, Tax Collector, Revenue Commissioner and License Commissioner operating full time in the assessing or collecting of Ad Valorem Property taxes in a branch of the Court House of any county) or other person serving in an elected or appointed capacity and charged with the assessing and collecting of ad valorem property taxes, shall be eligible for membership in the Association, provided, however, that before such person can become a member, he/she shall have been favorably passed on by the Membership Committee of the Association. Any such person whose name is submitted to the Membership Committee and who fails to receive a majority vote in favor of his membership shall not be eligible for membership. Likewise, persons or entities in other classes of membership shall be eligible for membership upon approval by a majority of the Membership Committee.

Section 4. Termination of membership. The Membership Committee shall have the authority to expel any member of this Association; provided, however, that the expelled member shall have the right to appeal this action to the general membership of the Association at its next meeting. Failure to pay annual dues within ninety (90) days of the date due shall result in automatic suspension of the delinquent member and removal of his/her name from the Association membership directory and all communication lists. However, a delinquent member may be automatically reinstated upon payment of dues within ninety (90) days after they first become delinquent. Thereafter, a suspended member may be reinstated to membership only upon approval of the membership committee in the same manner as new members are initially approved.

ARTICLE IV
